Subject: QuickLogic Product Discontinuation Notification for QuickWorks family of software packages

Tracking Number: PCN / EOL 110501

Dear Customer,

End of Life announcements are never an easy message to convey; however, with the expiration of our software licensing agreement with Aldec, it is necessary for us to discontinue our software packages that bundle Aldec's Active-HDL simulator. Therefore, we are announcing the end-of-life and the last time buy for these software packages.

Please see Attachment A for a complete list of all software packages, last dates to place end of life orders and take licenses.

All orders must be placed by March 11, 2011. All orders must be placed as NCNR (non-cancelable non-returnable) with delivery stipulated ASAP, but no later than March 25, 2011.

Upon the expiration of your current software license, you may contact Aldec directly at sales@aldec.com to request maintenance on the existing license or to purchase a new license.

Thank you for your attention to this matter. No response to this notification is required. Should you have any questions, please do not hesitate to contact your QuickLogic representative or distributor.

Your continued interest in QuickLogic is greatly appreciated.

Sincerely,

QuickLogic Corporation
1277 Orleans Drive,
Sunnyvale, CA 94089
TEL: (408) 990-4000

ATTACHMENT A
